

AGES XXXI ANNUAL SCIENTIFIC MEETING 2021

# *'Leading the new Paradigm'*

28<sup>TH</sup> - 30<sup>TH</sup> OCTOBER 2021

VIRTUAL MEETING

## INDUSTRY PARTNERS

AGES gratefully acknowledges our Industry Partners:

**Medtronic**

AGES Platinum Education Partner

**stryker**

Gold Partner of AGES

**HOLOGIC**  
The Science of Bone

Major Partner of AGES ASM 2021

**Avant mutual**  
by doctors for doctors

Major Partner of AGES

## THURSDAY 28<sup>TH</sup> OCTOBER 2021 - VIRTUAL MEETING DAY ONE

AEDT	PLEASE NOTE THAT ALL TIMINGS ARE LISTED IN AEDT
1800 - 2020	<b>SESSION ONE: CHANGE OF CLIMATE IN WOMEN'S HEALTH</b> <i>Chairs: Stephen Lyons &amp; Michael Wynn-Williams</i>
	Introduction and Acknowledgement of Country - <b>Stephen Lyons</b>
	Doctors for the environment: Climate change - I don't see the problem? - <b>Arnagretta Hunter</b>
	RANZCOG position statement - Impact of the bush fires - <b>Kristine Barnden</b>
	Fertility and climate change - <b>Manny Mangat</b>
	The millennials' timebomb - <b>Nadia Willison</b>
	How to make your practice carbon neutral - <b>Rob Burrell</b>
	The war on medical waste - <b>Craig Reucassel</b>
	Panel Discussion
2020	<b>CLOSE OF DAY ONE</b>
AEDT	

# FRIDAY 29<sup>TH</sup> OCTOBER 2021 - VIRTUAL MEETING DAY TWO

<b>AEDT</b>	PLEASE NOTE THAT ALL TIMINGS ARE LISTED IN AEDT		
0930 - 1110	<b>SESSION TWO: SURGERY AND SURGICAL EDUCATION - ARE YOU READY FOR THE CHANGES AHEAD?</b> <i>Chairs: Rachel Green &amp; Luke McLindon</i>		
	Leading surgical change through coaching - <b>Caprice Greenberg</b>		
	Changing the culture of surgery - <b>Justin Dimick</b>		
	Leading change through the use of social media - <b>Amy Park</b>		
	Engagement through education - <b>Stephen Lyons</b>		
	Panel Discussion		
1110 - 1125	MORNING TEA, TRADE EXHIBITION AND DIGITAL FREE COMMUNICATIONS		
1125 - 1325	<b>SESSION THREE: SURGERY UNCUT: TECHNIQUES, ANAESTHESIA AND ERGONOMICS</b> <i>Chairs: Jade Acton &amp; Jay Iyer</i>		
	<b>Helen Green, Tina Fleming &amp; Margaret Land</b>		
1325 - 1355	LUNCH, TRADE EXHIBITION AND DIGITAL FREE COMMUNICATIONS		
1355 - 1515	<b>SESSION FOUR A: FREE COMMUNICATIONS</b> <i>Chairs: Alex Ades &amp; Lenore Ellett</i>	<b>SESSION FOUR B: FREE COMMUNICATIONS</b> <i>Chairs: Kate Martin &amp; Martin Ritossa</i>	<b>SESSION FOUR C: VIDEO COMMUNICATIONS</b> <i>Chairs: Jim Tsaltas &amp; Cherynne Johansson</i>
	Modified UBESS and CA125 endometriosis severity prediction model - Preliminary Results - <b>Brindaa Tharmarajah</b>	The use of the Myometrial-Cervical Ratio in the Ultrasound Diagnosis of Adenomyosis – a Validation Study. - <b>Tristan McCaughey</b>	Laparoscopic Reverse Submucosal Dissection (Sydney Shaving): Standardising rectal shaving for bowel endometriosis - <b>Assem Kalantan</b>
	Can transvaginal ultrasound predict the need for laparoscopic ureterolysis in women with suspected endometriosis? - <b>Brindaa Tharmarajah</b>	Central Sensitization in Persistent Pelvic Pain: A Cohort Study - <b>Amelia Ryan</b>	The vanishing fibroid: MyoSure hysteroscopic resection at lower pressure for a 'vanishing' submucous fibroid - <b>Madison A Naidu</b>
	Building a prediction model for ureterolysis in laparoscopic endometriosis surgery: the CLINUS model - <b>José Vitor Zanardi</b>	The Tubo-Ovarian Abscess Study(TOAST) - <b>Anna-Marie Van Der Merwe</b>	Combined robotic-assisted laparoscopic-hysteroscopic isthmoplasty using Firefly® near-infra red technology: a novel approach - <b>Felix Chan</b>
	Can we predict the revised American Fertility Society (r-AFS) stage using the pre-operative transvaginal Ultrasound-Based Endometriosis Staging System (UBESS) in women with suspected endometriosis? A retrospective observational study - <b>Tanushree Rao</b>	Correlation of the Ultrasound-Based Endometriosis Staging System (UBESS) for the prediction of RANZCOG/AGES levels 1 – 6 of surgical complexity - A retrospective validation study - <b>Myriam Girgis</b>	Carving out a niche: principles of laparoscopic Caesarean scar defect repair, as demonstrated by a video compilation of a case series - <b>Jason N Mak</b>
	Association between the localisation of endometriosis and 1-year postoperative digestive complaints: a 1,497 women comparative study - <b>Shamitha Kathurusinghe</b>	Outcomes following segmental rectal resection with vascular preservation in colorectal endometriosis - <b>Naman Dahiya</b>	Laparoscopic Excision of an Accessory Cavitated Uterine Malformation (ACUM) - <b>Marcus Davenport</b>

	Oocyte-secreted serum biomarkers GDF9 and BMP15 in women with endometriosis - <b>Aiat Shamsa</b>	The learning curve for the ultrasound detection of uterosacral ligaments and torus uterinus deep endometriosis: A repeatability and reproducibility study - <b>Rodrigo Manieri Rocha</b>	Laparoscopic Resection of Diaphragmatic Endometriosis in Left Lateral Decubitus Position - <b>Albert Jung</b>
	Getting square pegs out through round holes: A survey of RANZCOG Fellows regarding specimen extraction - <b>Alison Bryant-Smith</b>	Findings and outcomes in a post-vaccination cohort of young women under 25 years attending a tertiary colposcopy service - <b>Cheryl Yim</b>	Disc excision of deep endometriosis infiltrating the rectum - <b>Dasuni Pathiraja</b>
	Are we 'Gritty' enough? The importance of 'Grit' in O&G training - Association of passion and perseverance with burnout, thriving and career progression - <b>Tarana Lucky</b>	The significance of the ovarian sliding sign in relation to the Ultrasound-Based Endometriosis Staging System (UBESS) for surgical complexity - <b>Myriam Girgis</b>	Laparoscopic myomectomy for beginners: a video-based guide of suggested tips and tricks - <b>Kate Tyson</b>
	Instituting vNOTES hysterectomy: An alternative pathway to credentialing in the COVID era - <b>Kate Martin</b>	A potential role for the Ghrelin / LEAP-2 axis in Endometriosis - <b>Russell Duncan</b>	Laparoscopic Para-aortic Lymphadenectomy in a patient with Duplicated Inferior Vena Cava with Suspected Stage II Endometrioid Adenocarcinoma - <b>Alexander Chen</b>
		Evaluating pre-treatment $\beta$ -hCG ratio in expectant and medical management of tubal ectopic pregnancy - <b>Jason N Mak</b>	
1515 - 1530	AFTERNOON TEA, TRADE EXHIBITION AND DIGITAL FREE COMMUNICATIONS		
1530 - 1645	<b>SESSION FIVE: CHANGE MAKERS IN O&amp;G - HOW TO DRIVE SUCCESSFUL CLINICAL INITIATIVES</b> <i>Chairs: Bassem Gerges &amp; Kirsten Connan</i>		
	Gynaecological malignancy in the Pacific Islands - <b>Ai Ling Tan</b>		
	Health disparities amongst Maori & Pasifika Women in NZ - <b>Phil Suisted</b>		
	Migrant & refugee healthcare for women in Australia - <b>Jacqueline Boyle</b>		
	Aboriginal and Torres Strait Islander Women's health issues - <b>Marilyn Clarke</b>		
	Head & Heart: The Art of Modern Leadership - Dr <b>Kirstin Ferguson</b>		
1645	CLOSE OF DAY TWO		
<b>AEDT</b>			

# SATURDAY 30<sup>TH</sup> OCTOBER 2021 - VIRTUAL MEETING DAY THREE

<b>AEDT</b>	PLEASE NOTE THAT ALL TIMINGS ARE LISTED IN AEDT		
1000 - 1045	<b>SESSION SIX</b> <i>Chairs: Jade Acton &amp; Stephen Lyons</i> Tough times don't last. Resilient leaders do - <b>Heidi Dening</b>		
1045 - 1150	<b>SESSION SEVEN: LEADING CHANGE IN DOCTORS' WELLBEING</b> <i>Chairs: George Condous &amp; Kirsten Connan</i> Leading a hospital wide wellbeing program for staff - <b>Joanna Sinclair</b> Professional resources for doctors' wellbeing - <b>Vijay Roach</b> Indemnity resources for doctors' wellbeing - <b>Tracy Pickett</b> Dan O'Connor Lecture - <b>Hilary Joyce</b>		
1150 - 1205	MORNING TEA, TRADE EXHIBITION AND DIGITAL FREE COMMUNICATIONS		
1205 - 1405	<b>SESSION EIGHT A:            ENDOMETRIOSIS AROUND THE WORLD:            PROGRESS AND WORK FOR THE FUTURE</b> <i>Chairs: Amani Harris &amp; Albert Jung</i>	<b>SESSION EIGHT B:            PECHA KUCHA - TOPICAL UPDATES AND            CHANGES FOR THE GENERALIST</b> <i>Chairs: Helen Green &amp; Jennifer Pontre</i>	<b>SESSION EIGHT C:            CHAIRMAN'S CHOICE -FREE            COMMUNICATIONS</b> <i>Chairs: Kym Jansen &amp; Martin Healey</i>
	New Australian endometriosis guidelines: A snapshot of the changes - <b>Jason Abbott</b>	The role of tubal surgery in the era of assisted reproductive technology - <b>Devini Ameuratanga</b> Management of fibroids - <b>Amy Arnold</b>	Superior Hypogastric Plexus Nerve Block in Minimally Invasive Gynecology: a Randomised Controlled Trial - <b>Praveen De Silva</b> Effect of vasopressin hydrodissection in laparoscopic excision of endometrioma on ovarian reserve: study protocol for a randomised control trial and preliminary results - <b>Dave R Listijono</b>
	Time for change in the UK - Rapid diagnosis by 2030 - <b>Lucky Saraswat</b>	Hysteroscopic advances and surgical considerations - <b>Yasmin Pilgrim</b> Evidence based laparoscopy - <b>Bridget Gilseman</b>	POMMS: Pre-Operative Misoprostol in Myomectomy Surgery - A Pilot Study - <b>Lima Wetherell</b> Laparoscopic Reverse Submucosal Dissection (Sydney Shaving): A case series of 11 patients - <b>Assem Kalantan</b>
	Coordinating the future of NZ public endometriosis services - <b>Michael Wynn-Williams</b>	Pelvic pain and a negative laparoscopy - <b>Matt Smith</b> Optimising laparoscopic recovery for the pain patient - <b>Thea Bowler</b> Novel therapeutics for vestibulodynia/vaginismus - <b>Sean Holland</b>	The impact of surgery on the sexual function of women with deep infiltrating endometriosis: a prospective cohort study - <b>Lauren Hicks</b> Urinary Function after Surgery for Deep Infiltrating Endometriosis: A Prospective Study - <b>Keryn Harlow</b> Training for and undertaking gynaecological surgery in Australia: A comprehensive analysis of AIHW and MBS data - <b>Lalla McCormack</b>

	What can we learn from endometriosis management in North America? - <b>Sony Singh</b>	Ethnic variation in endometriosis - <b>Albert Jung</b>	Self and Body Compassion in Endometriosis: The predictive nature of endometriosis-related symptom presence and distress - <b>Leesa Van Niekerk</b>
		Uterine Niche: is it a problem? - <b>Kellie Tathem</b>	Vinorelbine as a treatment for stable ectopic pregnancy: An early phase clinical study - <b>Prathima Chowdary</b>
	COVID, lock downs and self-management strategies for endometriosis consumers - <b>Catarina Ang</b>	The role of pelvic floor ultrasound in evaluating patients with pelvic floor dysfunction - <b>Vivien Wong</b>	Anatomical distribution of deep endometriosis on transvaginal ultrasound and clinical features: implications on non-invasive diagnosis - <b>Rodrigo Manieri Rocha</b>
		Risk reduction for patients with inheritable genetic conditions - <b>Emma Allanson</b>	The impact of age and parity on regret and relief following hysterectomy for benign disease - <b>Helen McNamara</b>
	Panel Discussion	Update on endometrial hyperplasia - <b>Louise White</b>	One of these things is not like the other: video-based discussion of intra-operative findings of unexpected leiomyosarcoma at laparoscopic 'myomectomy'. - <b>Alison Bryant-Smith</b>
		The Impact of Surgical Complications- the second victims - <b>Rachel Collings</b> The silver lining of COVID for regional/rural practitioners - <b>Elizabeth Jackson</b>	Laparoscopic excision of a pregnant, non-communicating rudimentary horn- the case of the super sperm - <b>Keryn Harlow</b>
1405 - 1435	<b>LUNCH, TRADE EXHIBITION AND DIGITAL FREE COMMUNICATIONS</b>		
1435 - 1605	<b>SESSION NINE: ARE WE THERE YET? THE FUTURE OF MEDICAL TECHNOLOGY</b> <i>Chairs: Michael Wynn-Williams &amp; Emma Readman</i>		
	"5G caused COVID" - Why would my specialist use it? - <b>Barry O'Reilly</b>		
	Digital healthcare - <b>Nic Woods</b>		
	Preparing our trainees for the future of surgery - <b>Donna Ghosh</b>		
	How can I innovate and develop future surgical equipment? - <b>Prathima Chowdary</b>		
	How to build your own surgical robot - <b>Mark Slack</b>		
	Panel Discussion		
1605	<b>CLOSE OF CONFERENCE</b>		
<b>AEDT</b>
