Role of simulation and clinical education in gynaecology

The Simulation Survivor brains trust consists of the simulation minded Dr Katrina Calvert (KEMH, Perth), Dr Rebecca Szabo (RWH, Melbourne), Dr Doug Barclay (Middlemore Hospital, NZ) and Dr Sarah Janssens (Mater Mothers Brisbane).

Watch as the teams from North, East, South and West battle it out to be the AGES Simulation Survivor. Team will attempt to outwit, outplay and outlast across the domains for feedback, debriefing and psychological safety. The competition will be moderated by simulation experts, but your vote will determine which team stays on Simulation Island and wins the title of the Ultimate Simulation Survivor.
